# VELOCITY WEAR

## Caps, bottles, bags & accessories

Image brief and AI prompts for the 12 new products:
exact size, file name and a ready-to-use prompt for
Midjourney, ChatGPT / DALL-E, Adobe Firefly, Leonardo or Flux.

# How to use this guide

The 12 new products are already live on the website with a temporary "Photo coming soon" image. Each one has a card below with its exact size, file name and a complete AI prompt.

## Image rules (same for all 12)

| Setting | Value |
|---|---|
| **Size** | **900 x 875 px** (generate square 1:1, then crop/resize) |
| **Background** | Pure white #FFFFFF, soft shadow under the product |
| **Framing** | Product centred, about 12% empty space on every side, nothing cut off |
| **Format** | WebP, quality 80, under 150 KB (JPG is fine too) |
| **No** | Text, logos, people, hands or props |

## Workflow

1. Generate all 12 in one session with the same tool and settings so they look like one collection.
2. Choose a **square (1:1)** ratio. Midjourney: add `--ar 1:1 --style raw`. ChatGPT: ask for a square image.
3. Paste the negative prompt below where your tool supports it (Leonardo, Flux, Stable Diffusion). In Midjourney add `--no text, logo, hands`.
4. Check details up close: straps, zips, seams and lids should look real; nothing should have writing on it.
5. Resize to **900 x 875 px** and save with the exact **file name** on its card (for example `everyday-gym-backpack.webp`).
6. Upload all 12 to GitHub here:
   `https://github.com/Rajwara/Velocity-Wear/upload/claude/eloquent-hawking-9pxec7/public/images/products`.
   Files with the same names replace the placeholders automatically.

## Negative prompt

```
text, letters, words, numbers, logos, brand marks, labels, watermarks, measurement markings,
hands, people, props, extra objects, cluttered background, coloured background, harsh shadows,
reflections of the photographer, blurry edges, low resolution, cropped product
```

## Brand colours

| Colour | Hex | Use |
|---|---|---|
| **Lime (accent)** | `#E1EC2B` | one small accent per product: trim, zip puller, lid loop, strap, stitching |
| **Off-black** | `#0E0E0E` | main colour for most accessories |
| **Charcoal** | `#2A2520` | secondary dark tone |
| **Cream** | `#F8F6EB` | light versions (e.g. the packable cap) |
| **Mid grey** | `#737373` | secondary parts, translucent plastics |
